Geodatabase schema diagram

This diagram was auto-generated by the Geodatabase Diagrammer application sample and contains graphic elements that you can use to produce a data model diagram. This sample is available from the ArcScripts site on www.esri.com. You can find examples of finished data model diagrams at the data model section of arconline.esri.com.

Geodatabase D:\APPS\SURVEY\BDG_DGR_GEOPEDOLOGIA\GPT_MS_POG.gdb

Date generated miércoles, 01 de agosto de 2018

Geodatabase summary graphics

You can use these graphics to construct a structural summary of your geodatabase.

Geodatabase detail graphics

You can use these graphics to lay out a detailed diagram of your geodatabase schema.
